

PRINCIPAL CIVIL ENGINEER

Central Auckland

THE OPPORTUNITY

At Urban Solutions, we have a culture of making things happen with a diverse range of talented multidisciplinary professionals united by a collective spirit of creating a better place to live.

We are seeking a talented and ambitious principal civil engineer to join our project design and delivery consultancy. You will become an integral part of the team with a focus on taking the technical lead on engineering design and acting as Engineer to the Contract on a diverse range of public infrastructure projects ranging from seawalls and marinas, retaining walls, bridges and boardwalks, roads and carparks, stormwater ponds and drainage, playgrounds and sportsfields. You will be supported by our team of civil engineers, project managers, landscape architects, planners and other project specialists.

ABOUT YOU

The successful candidate will display and possess the following skills and attributes:

- Must be a NZ Chartered Engineer Civil, Geotechnical or Structural, preferably approved by Auckland Council to issue producer statements.
- 10+ years' engineering experience in a consultancy environment.
- Be technically focused and have strong site observation experience.
- Must have strong proficiency in design management.
- Having experience with projects in the fields of coastal, roading, earthworks and drainage would be a clear advantage.
- Solid reputation and standing in the NZ construction management environment.

WHAT WE OFFER

We are enjoying strong growth in our coastal, public open spaces, stormwater and active transport portfolios. Our vibrant, diverse and interesting work environment will contribute to continue to expand your career in this leadership role.

Along with a competitive salary package, we offer plenty of scope for flexible working, so our people can pursue passions, raise families, and still advance their careers. We have a spacious and friendly office environment located in Central Auckland. Our active social culture includes ski trips, Friday drinks, team lunches offer plenty opportunities to mix and mingle.
