

CIVIL ENGINEER

Central Auckland

THE OPPORTUNITY

At Urban Solutions we have a wide range of talented multi-disciplinary professionals with a culture of making things happen and a collective spirit to create better places.

We are enjoying strong and sustained growth in our coastal, public open spaces and active transport portfolios and are seeking a skilled and ambitious Civil Engineer to join our project design and delivery consultancy.

You will become an integral part of the team with a focus on engineering design and acting as 'Engineer's Representative' on a diverse range of public infrastructure projects ranging from seawalls and marinas, retaining walls, bridges and boardwalks, roads and car parks, playgrounds and sports fields.

ABOUT YOU

The successful candidate will possess the following:-

- A recognised NZ tertiary qualification in Civil Engineering.
- 2+ years experience in a consultancy environment.
- Strong proficiency in civil and geotechnical design.
- Coastal design experience is preferable although training can be provided.
- Ability to use initiative and work independently as well as part of the project team.
- Solid reputation and standing in the NZ civil engineering environment.
- Working knowledge of AutoCAD and Civil 3D.

WHAT WE OFFER

We are a supportive and forward thinking company with opportunities for professional and personal development.

- We offer a highly competitive salary package.
- Career progression and training opportunities in our expanding company.
- Flexible working hours to enable our team to pursue their passions or raise a family.
- A vibrant and friendly office environment.
- An active social culture including an annual ski trip, gym membership, team lunches and Friday drinks.
- Support from our team of engineers, project managers, landscape architects, planners and specialists.
- Involvement in a diverse range of projects.

APPLY NOW

Take a look at our website www.urbansolutions.co.nz and then action this fantastic opportunity by sending your C.V. to Andrew at alay@urbansolutions.co.nz

TOGETHER WE CREATE BETTER PLACES
